SUBJECT INDEX

A

Ammonium lactate
Comparison of salicylic acid and urea *versus* ammonium lactate for the treatment of foot xerosis: a randomized, double-blind, clinical study [Jennings et al], 7:332

Anchoring, soft-tissue
The Ogden Anchor [Knudson et al], 6:301

Anesthetics, topical
Clinical comparison of preinjection anesthetics [Plotkin], 2:73

Ankle
Ankle-joint salvage following a tibial pilon fracture: a case report [O'Shea and Lewis], 2:80
Magnetic resonance imaging of ankle ligament injuries correlated with time [Labovitz et al], 8:387
Review of the Dockery procedure for lateral ankle instability: a seven-year retrospective analysis [Evans et al], 6:279

APMA Announcements and Reports
Blueprint for the Future: Educational Enhancement Project (EEP) Report and Recommendations–1998, 11:523
Council on Podiatric Medical Education, 78th annual report, 1997, 3:151
86th annual meeting, 79th annual sessions, House of Delegates, 12:613
1998 podiatric practice survey: statistical results, 12:576

Arthrectomy
Ankle-joint salvage following a tibial pilon fracture: a case report [O'Shea and Lewis], 2:80

Arthroplasty
Ankle-joint salvage following a tibial pilon fracture: a case report [O'Shea and Lewis], 2:80
Charcot's joint following Keller arthroplasty: a case report [Darst et al], 3:140
Long-term follow-up of Keller arthroplasty with irradiated costochondral implants [Harlan and Goldman], 1:1

Austin bunionectomy
Review of radiographic measurements following Austin bunionectomy [Bryant and Singer], 6:290

B

Baker's cyst
Tibial nerve entrapment and heel pain caused by a Baker's cyst [Willis and Carter], 6:311

Biomechanics
Alternative techniques for the clinical assessment of foot pronation [Menz], 3:119; (letter) [Sanner] 5:253; (reply) [Menz] 5:254
Biomechanics of the foot in diabetes mellitus: some theoretical considerations [Payne], 6:285
The effects of extrinsic muscle forces on the forefoot-to-rearfoot loading relationship *in vitro*: tibia and Achilles tendon [Ward et al], 10:471
Foot and ankle injuries related to rock climbing: the role of footwear [Killian et al], 8:365
The F-Scan system with EDG module for gait analysis in the pediatric patient [D'Amico], 4:166
The past, present, and future of podiatric biomechanics [Payne], 2:53
The reliability of three techniques for measuring foot position [Weiner-Ogilvie and Rome], 8:381
Variability of the center of pressure pattern integral during walking [McPoil and Cornwall], 6:259

Bone
Adenocarcinoma of the colon metastasizing to the foot masquerading as osteomyelitis [Tuteja et al], 2:84
Ankle-joint salvage following a tibial pilon fracture [O'Shea and Lewis], 2:80
Bilateral spontaneous avascular necrosis of the navicular: case presentation with comparative imaging [Boc and Feldman], 1:41
Bone grafting in foot and ankle surgery: a review of 300 cases [Mahan and Hillstrom], 3:109
Congenital hallux varus deformity with bilateral absence of the hallucal sesamoids [Wright], 1:47
Congenital talonavicular coalition: review of the literature, case report, and orthotic management [David et al], 5:223
Fibular stress fracture in a female runner: a case report [Palamarchuk and Sabo], 1:34
Lesser metatarsal V-osteotomy for chronic intractable plantar keratosis: retrospective analysis of 40 procedures [Pontious et al], 7:323
Making the diagnosis of osteomyelitis: the role of prevalence [Wrobel and Connolly], 7:337
Metastatic breast cancer presenting as heel pain [Groves and Stiles], 8:400
Post-traumatic first metatarsal reconstruction using coralline hydroxyapatite [Nesheiwat et al], 3:130
Rare presentation of hereditary multiple exostoses: a case report [Farrett et al], 3:135
Review of radiographic measurements following Austin bunionectomy [Bryant and Singer], 6:290
Secondary hypertropic osteoarthropathy [Olivo et al], 3:146

Bunionectomy, Austin
Review of radiographic measurements following Austin bunionectomy [Bryant and Singer], 6:290

C

Calcaneovalgus
Guidelines for evaluation and management of five common podopediatric conditions [Connors et al], 5:206

Calcaneus
Measurement of the expansion of the calcaneal fat pad upon weightbearing [Fuller and Hogge], 1:12
Metastatic breast cancer presenting as heel pain [Groves and Stiles], 8:400

Cancer
Adenocarcinoma of the colon metastasizing to the foot masquerading as osteomyelitis [Tuteja et al], 2:84
Metastatic breast cancer presenting as heel pain [Groves and Stiles], 8:400
Neuropathy associated with prostate cancer [Hommel and Grovit], 5:249

Cavovarus feet
Tarsal coalition in an adult with cavovarus feet [Knapp et al], 6:295

Charcot's joint
Charcot's joint following Keller arthroplasty: a case report [Darst et al], 3:140

Chemical matricectomy
Improved healing with a collagen-alginate dressing in the chemical matricectomy [Van Gils et al], 9:452

Chondroma, extraskeletal
Extraskeletal chondroma of the foot [Williams and Zichichi], 10:506

Classification system
Geometric models that classify structural variations of the foot [Demp], 9:437

Clear cell sarcoma
Clear cell sarcoma in the first metatarsal: an unusual case [Brekke et al], 9:457

Clubfoot
Guidelines for evaluation and management of five common podopediatric conditions [Connors et al], 5:206

Coalition, talonavicular
Congenital talonavicular coalition: review of the literature, case report, and orthotic management [David et al], 5:223

Collagen-alginate dressing
Improved healing with a collagen-alginate dressing in the chemical matricectomy [Van Gils], 9:452

Compartment syndrome
Chronic exertional compartment syndrome of the foot: a case report [Mollica], 1:21

Congenital deformity
Congenital hallux varus deformity with bilateral absence of the hallucal sesamoids [Wright], 1:47
Congenital talonavicular coalition: review of the literature, case report, and orthotic management [David et al], 5:223
Guidelines for evaluation and management of five common podopediatric conditions [Connors et al], 5:206
Polydactyly of the foot: overview with case presentations [Kleanthous et al], 10:493

Copyright
Ethical and legal issues in medical writing [Block], 1:45

Corn
Surgical treatment of Lister's corn: a case illustration [Alder et al], 1:30

Cyst
Bilaterally symmetrical epidermal inclusion cysts with foreign-body giant-cell reaction [Sheff et al], 8:410
Tibial nerve entrapment and heel pain caused by a Baker's cyst [Willis and Carter], 6:311

D

Diabetes mellitus
Biomechanics of the foot in diabetes mellitus: some theoretical considerations [Payne], 6:285
Complication encountered with self-monitoring of blood glucose levels [Griffith-Limon et al], 6:309
Effect of shoe color on shoe temperature and potential solar injury to the insensate foot [DeLuca and Goforth], 7:344
Emergence of non–group A streptococcal necrotizing diabetic foot infections [Reyzelman et al], 6:305
Making the diagnosis of osteomyelitis: the role of prevalence [Wrobel and Connolly], 7:337
Mechanically assisted, delayed primary closure of diabetic foot wounds [Armstrong and Lavery], 10:483
Possible therapeutic effects of growth hormone on wound healing in the diabetic patient [Massey et al], 1:25

Diagnosis
Making the diagnosis of osteomyelitis: the role of prevalence [Wrobel and Connolly], 7:337

Dislocation
Progressive subtalar joint dislocation and limb-length inequality: an unusual case [Resseque and Volpe], 4:176

Dockery procedure
Review of the Dockery procedure for lateral ankle instability: a seven-year retrospective analysis [Evans et al], 6:279

Dystrophy, myotonic
Contrasts in clinical presentation and genetic transmission of myotonic dystrophy [Reifer and Sobel], 7:313

E

Endocarditis
Prevention of bacterial endocarditis: recommendations by the American Heart Association [AHA Scientific Statement], 2:93

Erythema annulare centrifugum
Recurrent ringed lesion of the sole: erythema annulare centrifugum [Lemont et al], 3:144

Ethics
Ethical and legal issues in medical writing [Block], 1:45

Exostoses, hereditary multiple
Rare presentation of hereditary multiple exostoses: a case report [Farrett et al], 3:135

Extraskeletal chondroma
Extraskeletal chondroma of the foot [Williams and Zichichi], 10:506

F

Fasciitis, plantar
Conservative treatment of plantar fasciitis: a prospective study [Lynch et al], 8:375

Fasciotomy, plantar
Retrospective analysis of minimal-incision, endoscopic, and open procedures for heel spur syndrome [Brekke and Green], 2:64

Fibula
Fibular stress fracture in a female runner: a case report [Palamarchuk and Sabo], 1:34

Flatfoot
Guidelines for evaluation and management of five common podopediatric conditions [Connors et al], 5:206
Pediatric peroneal spastic flatfoot in the absence of coalition: a suggested protocol [Lowy], 4:181
Tarsal coalition in an adult with cavovarus feet [Knapp et al], 6:295

Foot types
Geometric models that classify structural variations of the foot [Demp], 9:437

Fracture
Ankle-joint salvage following a tibial pilon fracture: a case report [O'Shea and Lewis], 2:80
Fibular stress fracture in a female runner: a case report [Palamarchuk and Sabo], 1:34
Perimortem calcaneal and talar fractures sustained in a military air crash in Vietnam [Mann and Holland], 9:446

G

Gait
The effects of extrinsic muscle forces on the forefoot-to-rearfoot loading relationship *in vitro*: tibia and Achilles tendon [Ward et al], 10:471
The F-Scan system with EDG module for gait analysis in the pediatric patient [D'Amico], 4:166
Variability of the center of pressure pattern integral during walking [McPoil and Cornwall], 6:259

Genetic disorder
Contrasts in clinical presentation and genetic transmission of myotonic dystrophy [Reifer and Sobel], 7:313
Wolf-Hirschhorn syndrome: review of the literature and three case studies [Thomson], 4:192

Geometric models
Geometric models that classify structural variations of the foot [Demp], 9:437

Glucose, blood
Complication encountered with self-monitoring of blood glucose levels [Griffith-Limon et al], 6:309

Growth hormone
Possible therapeutic effects of growth hormone on wound healing in the diabetic patient [Massey et al], 1:25

Guidelines, Authors'
Guidelines for Authors, 1:49, 4:198, 7:360, 10:519, 11:572

H

Hallux abducto valgus
Review of radiographic measurements following Austin bunionectomy [Bryant and Singer], 6:290

Hallux varus
Congenital hallux varus deformity with bilateral absence of the hallucal sesamoids [Wright], 1:47

Heel pain
Conservative treatment of plantar fasciitis: a prospective study [Lynch et al], 8:375
Metastatic breast cancer presenting as heel pain [Groves and Stiles], 8:400
Tibial nerve entrapment and heel pain caused by a Baker's cyst [Willis and Carter], 6:311

Heel spur syndrome
Conservative treatment of plantar fasciitis: a prospective study [Lynch et al], 8:375
Retrospective analysis of minimal-incision, endoscopic, and open procedures for heel spur syndrome [Brekke and Green], 2:64

Herbal therapies
Antifungal activity of *Melaleuca alternifolia* (tea-tree) oil against various pathogenic organisms [Concha et al], 10:489

Hidradenoma, poroid
Poroid hidradenoma: a case presentation [Whitmore et al], 10:510

High-speed accidents
Perimortem calcaneal and talar fractures sustained in a military air crash in Vietnam [Mann and Holland], 9:446

Human immunodeficiency virus
Characterization of plantar verrucae among individuals with human immunodeficiency virus [Meberg et al], 9:443
Trauma-induced Kaposi's sarcoma of the hallux: an unusual case [Berkowitz et al], 10:500

Human papillomavirus
Characterization of plantar verrucae among individuals with human immunodeficiency virus [Meberg et al], 9:442

Hydroxyapatite
Post-traumatic first metatarsal reconstruction using coralline hydroxyapatite [Nesheiwat et al], 3:130

Hyperkeratosis
Surgical treatment of Lister's corn: a case illustration [Alder et al], 1:30

I

Ilizarov technique
Progressive subtalar joint dislocation and limb-length inequality: an unusual case [Resseque and Volpe], 4:176

Imaging
Bilateral spontaneous avascular necrosis of the navicular: case presentation with comparative imaging [Boc and Feldman], 1:41
Magnetic resonance imaging of ankle ligament injuries correlated with time [Labovitz et al], 8:387

Immunization
The risk of tetanus in podiatric medicine [Pouillon and Caldwell], 7:349

Implant
Long-term follow-up of Keller arthroplasty with irradiated costochondral implants [Harlan and Goldman], 1:1

Infection
Complication encountered with self-monitoring of blood glucose levels [Griffith-Limon et al], 6:309
Emergence of non–group A streptococcal necrotizing diabetic foot infections [Reyzelman et al], 6:305

Infection, parasitic
Cutaneous larva migrans infection in the pediatric foot: a review and two case reports [Mattone-Volpe], 5:228

Infectious diseases
The risk of tetanus in podiatric medicine [Pouillon and Caldwell], 7:349
Transmission of microbial pathogens by cedar shoe trees [Woeste], 1:17

Inflammation
The anti-inflammatory action of locally injected ketorolac (letter) [Plotkin], 2:105; (reply) [Brook et al], 2:106
Conservative treatment of plantar fasciitis: a prospective study [Lynch et al], 8:375

Ingrown toenails
Improved healing with a collagen-alginate dressing in the chemical matricectomy [Van Gils et al], 9:452

Injection
Clinical comparison of preinjection anesthetics [Plotkin], 2:73

Injury
Closed rupture of the anterior tibial tendon [Miller and Mahan], 8:394
Effect of shoe color on shoe temperature and potential solar injury to the insensate foot [DeLuca and Goforth], 7:344
Foot and ankle injuries among martial artists: results of a survey [Burks and Satterfield], 6:268
Foot and ankle injuries related to rock climbing: the role of footwear [Killian et al], 8:365
Magnetic resonance imaging of ankle ligament injuries correlated with time [Labovitz et al], 8:387
Review of the Dockery procedure for lateral ankle instability: a seven-year retrospective analysis [Evans et al], 6:279

Insect bite
Brown recluse spider bite: two case reports and review [Salm et al], 1:37

Internet
Location and indexing of articles written by podiatric physicians [Parkinson and Fikar], 10:514
Pediatric resources on the Internet [Leifer], 5:232

J

JAPMA Announcements
In appreciation (of peer reviewers for JAPMA), 12:612

Joint
Ankle-joint salvage following a tibial pilon fracture: a case report [O'Shea and Lewis], 2:80
Charcot's joint following Keller arthroplasty: a case report [Darst et al], 3:140
Long-term follow-up of Keller arthroplasty with irradiated costochondral implants [Harlan and Goldman], 1:1
Progressive subtalar joint dislocation and limb-length inequality: an unusual case [Resseque and Volpe], 4:176

K

Kaposi's sarcoma
Trauma-induced Kaposi's sarcoma of the hallux: an unusual case [Berkowitz et al], 10:500

Keller arthroplasty
Charcot's joint following Keller arthroplasty: a case report [Darst et al], 3:140
Long-term follow-up of Keller arthroplasty with irradiated costochondral implants [Harlan and Goldman], 1:1

Keratosis, intractable plantar
Lesser metatarsal V-osteotomy for chronic intractable plantar keratosis: retrospective analysis of 40 procedures [Pontious et al], 7:323

Ketorolac tromethamine
The anti-inflammatory action of locally injected ketorolac (letter) [Plotkin], 2:105

L

Laterality
The demography of limb dominance, body-mass index, and metatarsus adductus deformity [Montague et al], 9:429

Leg-length discrepancy
Progressive subtalar joint dislocation and limb-length inequality: an unusual case [Resseque and Volpe], 4:176

Lesion
Brown recluse spider bite: two case reports and review [Salm et al], 1:37
Lesser metatarsal V-osteotomy for chronic intractable plantar keratosis: retrospective analysis of 40 procedures [Pontious et al], 7:323
Rare presentation of hereditary multiple exostoses: a case report [Farrett et al], 3:135
Recurrent ringed lesion of the sole: erythema annulare centrifugum [Lemont et al], 3:144
Surgical treatment of Lister's corn: a case illustration [Alder et al], 1:30
Synovial sarcoma: an unusual case presentation [Jackson et al], 3:148
Trauma-induced Kaposi's sarcoma of the hallux: an unusual case [Berkowitz et al], 10:500
Tumoral calcinosis–like lesion of the foot: a case report [Chalmers et al], 2:87

Ligament
Magnetic resonance imaging of ankle ligament injuries correlated with time [Labovitz et al], 8:387

Limb dominance
The demography of limb dominance, body-mass index, and metatarsus adductus deformity [Montague et al], 9:429

Lister's corn
Surgical treatment of Lister's corn: a case illustration [Alder et al], 1:30

Martial arts
Foot and ankle injuries among martial artists: results of a survey [Burks and Satterfield], 6:268

Matricectomy, chemical
Improved healing with a collagen-alginate dressing in the chemical matricectomy [Van Gils et al], 9:452

Measurement
Alternative techniques for the clinical assessment of foot pronation [Menz], 3:119; (letter) [Sanner] 5:253; (reply) [Menz] 5:254
Development and validation of a questionnaire designed to measure foot-health status [Bennett et al], 9:419
The F-Scan system with EDG module for gait analysis in the pediatric patient [D'Amico], 4:166
Measurement of the expansion of the calcaneal fat pad upon weightbearing [Fuller and Hogge], 1:12
Measurement of tibial torsion [Lang and Volpe], 4:160
The reliability of three techniques for measuring foot position [Weiner-Ogilvie and Rome], 8:381
Review of radiographic measurements following Austin bunionectomy [Bryant and Singer], 6:290

***Melaleuca alternifolia* oil**
Antifungal activity of *Melaleuca alternifolia* (tea-tree) oil against various pathogenic organisms [Concha et al], 10:489

Metatarsal
Lesser metatarsal V-osteotomy for chronic intractable plantar keratosis: retrospective analysis of 40 procedures [Pontious et al], 7:323
Post-traumatic first metatarsal reconstruction using coralline hydroxyapatite [Nesheiwat et al], 3:130

Metatarsus adductus
The demography of limb dominance, body-mass index, and metatarsus adductus deformity [Montague et al], 9:429
Guidelines for evaluation and management of five common podopediatric conditions [Connors et al], 5:206

Microorganisms
Transmission of microbial pathogens by cedar shoe trees [Woeste], 1:17

Models, geometric
Geometric models that classify structural variations of the foot [Demp], 9:437

Mueller-Weiss syndrome
Bilateral spontaneous avascular necrosis of the navicular: case presentation with comparative imaging [Boc and Feldman], 1:41

Muscle
Contrasts in clinical presentation and genetic transmission of myotonic dystrophy [Reifer and Sobel], 7:313
Pediatric peroneal spastic flatfoot in the absence of coalition: a suggested protocol [Lowy], 4:181

Myotonic dystrophy
Contrasts in clinical presentation and genetic transmission of myotonic dystrophy [Reifer and Sobel], 7:313
